

Policy regarding associations

Purpose

The Student Division of Industrial Engineering and Management has a vision of offering all students a place for engagement within the division besides the studies. This can be done through bigger division events as committees or through smaller associations of interest so called members associations.

To create an association is simple. All you need is a chairman, an economical responsible and an idea. For example, this can be a soccer team, a division band och a cooking school. Associations doesn't have any obligations, the members decide themselves when they want to perform their activities. The goal is for associations to be flexible and catch engagement in easier forms. Contact the board of the student division with an idea and responsible for the association to get started. In consultation with the board of the student division some sort of economical support will be distributed.

Associations

- i. An association of the student division is a group of technologists with common interests.
- ii. The association shall elect a chairman and an economy responsible. They will be elected at an association meeting and approved by the board.
- iii. The association shall put together a document of guidelines and purpose of the association. This shall hold chairman, economical responsible, purpose and criterias for membership and be approved by the board.
- iv. Each member of the student division shall be allowed membership. The association can have criteria and the chairman can together with the board of the student division decide to deny membership.
- v. At least half of the members must be of Industrial Engineering and Management.
- vi. The association has the right to in their name and logo use the name and symbol of the student division.

- vii. The association are obliged to follow the statue, regulations and other documents as well as the decisions of the student division.
- viii. The economic structure is decided in consultation of the treasurer of the student division.
- ix. The association has the vice chairman in the board as contact person.
